If God Created my Clitoris: Exploring Sex Positivity in Christianity

Separation of Church & Sex: Exploring the role of faith communities members' sexual health practices

Intimacy Reimagined (Youth or Adults)

Biography

Brittany Broaddus-Smith is the founder and lead educator of The Intimacy Firm. The Intimacy Firm is an intimacy consulting and sexuality education organization. Brittany earned a bachelor's degree in psychology and master's degrees in both social work and human sexuality education. She is also a licensed social worker.

With her unique personality, Brittany teaches locally and nationally, tackling those “taboo” subjects head on with comprehensive sex education, coaching, and counseling for groups and individuals. Working in the intersections of sexuality, faith and race, Brittany aims to empower individuals to discover, embrace, and navigate the world of sex(uality) in a way that doesn't compromise their personal or professional values.
